

# NEW FLANGES OFFER MORE OPTIONS

## NEW FLANGES PROVIDE INDUSTRY-STANDARD MOUNTING OPTIONS

*Integra polycarbonate enclosures offer non-corrosive protection in virtually any environment, strength and durability, as well as the ability to be easily customized for virtually any application.*

**Size range:** 6" x 6" x 4" to 18" x 16" x 10".

The Integra 14" and 16" flanges provide industry-standard mounting options for our enclosure lines.

Integra has added two new mounting options that correspond with industry standards. The new 14" and 16" flanges correspond with common industry footprints. They can be purchased as accessory items, or be included with select enclosures if specified at time of purchase. The new flange options are:

- 14" flanges can be used on the 14" side of our 14" x 12", as well as the 14" side of our 16" x 14" enclosures
- 16" flanges can be used on the 16" side of our 16" x 14", as well as the 16" side of our 18" x 16" enclosures
- Accessory designations are:
  - ~ 6" flanges MFLK6
  - ~ 8" flanges MFLK 8
  - ~ 10" flanges MFLK10
  - ~ 12" flanges MFLK12
  - ~ 14" flanges MFLK 14 **NEW**
  - ~ 16" flanges MFLK 16 **NEW**
- Flanges are available in sizes ranging from our smallest 6x6 enclosure to our largest 18x16 enclosure

### ABOUT INTEGRA ENCLOSURES

*Integra manufactures and markets thermoplastic enclosures designed for use in construction, water treatment, utility, telecommunication, instrumentation, remote monitoring, energy and other applications requiring enclosures that are non-corrosive, non-conductive, easy to install/modify and competitively priced.*

### THE ADVANTAGES OF INTEGRA POLYCARBONATE ENCLOSURES

Applications that require the performance of a NEMA 12/4X/6P, UL enclosure call for strengths of Integra:

- Superior impact resistance with engineered thermoplastic enclosures
- Thermoplastics are non-corrosive, non-conductive and lighter in comparison to steel
- Polycarbonate enclosures have better UV resistance than fiberglass.
- Easy installation thermoplastic clear covers available
- 100% non-metallic hinge design
- Integra thermoplastic products offer many mounting options molded right into the box
- UL / c-UL Listed
- NEMA 4X, 6P, 12, 13 & Marine Use
- CE & IP 66/68 Protection
- RoHS
- Atex
